The Municipal Treasurer shall assign every application for termination of business to an inspector in his office who shall go to the place of the business to verify if it is really no longer operating. If the inspector finds that the business is simply placed under a new name, manager and/or new owner, the Municipal Treasurer shall recommend to the Mayor the disapproval of the application for the termination of said business. Accordingly, the business continues to become liable for the payment of all taxes, fees and charges imposed thereon under existing tax ordinance of this Municipality; and

2. In the case of a new owner to whom the business was transferred by sale or other form of conveyance, said new owner shall be liable to pay the tax or fee for the transfer of the business to him.

If it is found out that the retirement or termination of the business is legitimate, and the tax due therefrom be less than the tax due for the current year based on the gross sales or receipts, the difference in the amount of the tax shall be paid before the business is considered officially retired or terminated.

The permit issued to a business retiring or terminating its operation shall be surrendered to the municipal treasurer who shall forthwith cancel the same and record such cancellation in his book.
